

Hi, I'm **Angelee van Allman**. Thank you for your interest in working together! Here is some important information you'll need when hiring me.

All work requires a \$50 down payment.

Book Covers:

I collaborate with you to create eye-catching, genre-appropriate covers. I'm always open to your ideas. Character covers will cost more than object or text based covers as it will require time and resources to create your characters.

Interior Formatting:

Quick, seamless, genre appropriate results **IF you provide a clean, completed manuscript**. Line editing is not included in the formatting service but can be added for an hourly rate.

Editing and proofreading:

If you need your entire manuscript looked over, I offer per-word rates.

Rates:

I use efficient software and that keeps the cost down for you. If you require a great deal of creative control I will need to use less efficient software and the rate will be higher.

Limitations:

Occasionally there may be limitations to the customization of your manuscript. There are a lot of things I can do, and a few things I can't, so feel free to discuss your preferences before hiring.

Time Estimate:

Valid until the end of today; may vary if hired tomorrow.

Available Hours:

I work 9am-2pm Monday-Thursday. Queries outside those hours will be answered at my convenience, and work outside those hours is only available at the expedited rate of \$60/hour.

Milestones are my preferred contract structure.

Please create the contract in this style:

Milestone 1: Down Payment (must be funded and approved before I begin) \$50

Milestone 2: Ebook cover complete

Milestone 3: Formatting complete

Milestone 4: Paperback complete

If any of Milestones 2-4 don't apply, don't include them.

Thanks so much for reading, and feel free to ask any questions I didn't cover.
